The Information and Documentation Division of the Department of Science and Technology brings out the half yearly publication entitled Directory of Forthcoming Conferences/Symposia/Meetings/Workshops on Science and Technology in India. This issue of July 1985 contains a list of 409 conferences/symposia/workshops/training courses/ meetings to be organised in India from July 1985 to 1990. While for most of the items, the dates/durations have been given, it was difficult to get the exact dates for some of them. One of the reasons was that the organisers themselves have not indicated the dates for some conferences/symposia, etc. as they were tentative at the time of compiling this Directory.

This Directory of Forthcoming Conferences/Symposia/ Seminars/Workshops, No. 11, July 1985 lists all the events in chronological order. Each entry gives title, date, venue and address of the contact point/sponsoring body. The indices by Subject and/or Keyword as well as by Location respectively have been appended at the end of this publication to facilitate users for locating the desired entry.

Information on conferences/symposia/meetings/workshops included in this publication has been collected and compiled through various sources such as announcements in publications, invitations, correspondence and contacts. Although care has been taken to ensure the supply of accurate information in this publication, Information and Documentation Division, Department of Science and Technology should not be held responsible for any inaccurate entry.

Our endeavour in bringing out this publication is to furnish advance information about the conferences and related activities to be held in India to the scientific community/organisations to enable them to participate in the concerned conference, etc. or to submit their papers and to obtain their proceedings. All entries regarding participation/contribution of papers should be addressed to the person/organisation mentioned as contact point.

The feed back from the users of this Directory was quite encouraging inspite of some of the information gap mentioned above.

The continued publication of the Directory would be possible only when the readers of this Directory and organisers of the various conferences/symposia/workshops and such other related activities co-operate and write in detail to the Department of Science and Technology of such activities well in time. They are requested to mail by name to the following address : -

Shri S.K. Taneja,
Senior Documentation Officer,
Information and Documentation Division,
Department of Science and Technology,
Ministry of Science and Technology,
Technology Bhavan,
New Mehrauli Road,
New Delhi-110 016.

We gratefully acknowledge the organisations for their cooperation in extending the detailed information to the Department of Science and Technology on the conferences/ workshops and related activities. We earnestly solicit their co-operation in future as well.

The publication has been compiled by Shri S.K. Taneja, Senior Documentation Officer with the help of Shri N.P. Rawale, Junior Documentation Officer.
